

RFRI CONDUCTS PRAKRITI PROGRAMME AT JNV, GOLAGHAT, ASSAM

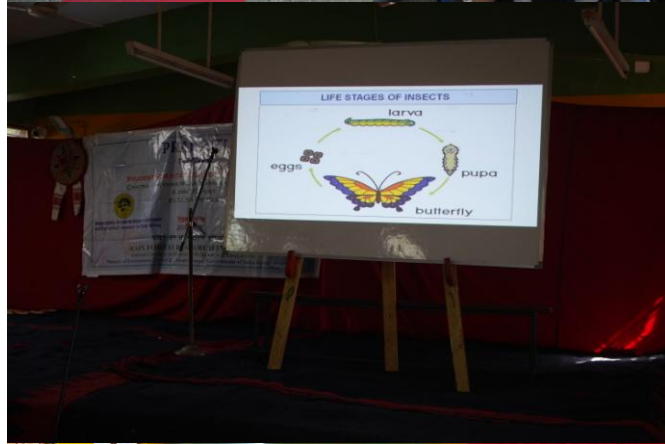

Rain Forest Research Institute, Jorhat (Assam) organized Scientist-Students' Connect programme called 'Prakriti' at Jawahar Navodaya Vidyalaya, Golaghat at Chinatoli on 12th December, 2022. Shri R K Kalita, Scientist F and Head, Extension Division and Shri Akshaya Mishra, Technical Assistant participated in the programme. The Principal (In-Charge) of JNV, Golaghat, Mrs. Archana Singh Payak welcomed the Officials of RFRI with traditional phulam gamosa and flower bouquet. Before that the NCC Cadets received the Officials at the entrance of the School and escorted them to the Venue of the Programme. Shi Kalita delivered an illustrative presentation on RFRI, Prakriti Programme and Natural Forest Resources of North Eastern Region of India and their role in self-employment. He spoke about bamboo, Agarwood, lac, broom grass, Vermicompost etc. Shri Mishra delivered a mesmerizing presentation on Beneficial Insects. He covered areas of edible insects consumed by people of different parts of the world. There were overwhelming support from the students. A Question-Answer session was also held in which wide range of questions was asked by the students and appropriate answers were given by the Resource Persons. Few bamboo products were displayed to create awareness among students about bamboo and its applications. A sapling of bamboo, *Bambusa wamin* was planted at the premises of the School. The programme ended with customary vote of thanks.
