

ICFRE signs MoU with HNB Garhwal University to promote forestry research

DEHRADUN, DEC 14 (HTNS) A Memorandum of Understanding (MoU) was signed on Monday through video conferencing between Indian Council of Forestry Research and Education (ICFRE), Dehradun (an Autonomous Council under the Ministry of Environment, Forest and Climate Change) and Hemwati Nandan Bahuguna Garhwal University, Srinagar.

The MoU was signed by AS Rawat, Director General, ICFRE, Dehradun and Professor Annapurna Gautiyal, Vice Chancellor, HNBGU, Srinagar. The MoU has been signed with the objectives to promote cooperation in the

field of forestry research, exchange of scientists, technologists, research scholar, PG students and implementation of collabo-

rative research projects. ICFRE, through its institutes and centres located across the country is guiding, promoting and coordi-

nating forestry research, extension, education at the national level. Currently ICFRE is focusing on contemporary issues of na-

tional and international importance particularly in the areas of climate change, forest productivity, bio-diversity and skill develop-

ment. Through this collaboration, ICFRE and HNBGU will complement each other by sharing their scientific and technical ex-

pertise. This will help in identifying technological gaps, extension of forest based technologies, and exchange of resources for

dissemination of information to stakeholders. This will also help to promote livelihood opportunities and augment income of the forest based communities.

The MoU is expected to provide synergy in education, research and development for both the organizations and will ultimately aim to promote better economic and ecological security. Those present on the occasion were Deputy Director Generals, Director (International Cooperation), Assistant Director Generals, Dean (Academic), FRI Deemed to be University, scientists from ICFRE, Dehradun, Director, HAPPRC, and faculty from HNBGU, Srinagar.
